

SLIDE ANCHOR

Top ring provided
for buoy line

Just drive the tubular handle downward
to deliver the spike blade into the shoreline,
then tie your boat off to the lower ring.
Sizes available for personal water craft to houseboats.

Heavy
duty
rubber
handle
for extra
grip, built
to last

The top of the
spike handle is
open allowing
air, water and debris
to pass through,
making it perfect for
use in shallow water

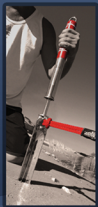

Available in three sizes,
304 Stainless Steel
or Hot dip galvanized

Simple kinetic
energy makes
setting and
retrieving the
Shore Spike
easy.

Lower ring
makes tying
off your boat easy

Sets in virtually any
shore condition from
rocky beaches, shale,
hard pack to soft sand

All Shore Spikes
come with a
complementary storage bag

SHORE SPIKE
